The founder Word

Senator:

Ali AL-Shabwani

Ladies and gentlemen,

As the General Director of WECANDO Construction Contracting, Oil, and Logistics Services, I want to express my gratitude for your interest in our company. At WECANDO, we are dedicated to delivering exceptional results in the fields of construction, contracting, oil, and logistics. In construction, we have successfully completed various projects, from residential to infrastructure developments, ensuring the highest quality standards and timely completion.

In the oil sector, we actively support and promote investments, contributing to the growth of Yemen's economy. Our logistics services provide efficient solutions for air and sea cargo handling, customs documentation, warehousing, and transportation. Collaboration is a key principle for us, as we seek partnerships to enhance our expertise and drive mutual growth.

We have a talented and committed team who consistently deliver exceptional services to our clients.

Thank you for your support, and we look forward to future collaborations.

During the last 29 years, WECANDO has been operating successfully as a construction contractor in numerous work areas such as electromechanical works, earthwork, concrete work, building construction, steel fabrication, finishing, erection services, mechanical, electrical, instrumentation work, water supply, sewage treatment systems, road construction, and maintenance. Furthermore, from the first year of establishing WECANDO, it has been known as a professional company in the field of customs clearance, and transportation of materials/equipment either heavy or light as well as Oil and Gas products all over Yemen. WECANDO has expanded its work activities to cover various oilfields related to supply and construction projects. Examples of our work included the supply and construction of pipelines, process plants, wellheads Tie-ins, and water/gas re-injection projects. Currently, WECANDO is planning to be strongly involved in several contractual projects with major oil companies working in Yemen together with our associated international companies working in the fields of civil engineering, buildings and structures. This company profile provides a comprehensive overview of our vision, mission, goals, services, quality and safety policies, as well as our core values and principles.

OUR VISION

To be the preferred partner in construction, logistics, and petroleum services, driving sustainable development and exceeding client expectations. Focused on the future in our core markets and also apply our experience to build up our position in the new markets. We train, develop, promote, and motivate efficient employees with integrity.

OUR MISSION

At WECANDOO, our mission is to deliver exceptional construction, logistics, and petroleum services that exceed client expectations. We strive to contribute to the growth and development of Yemen's infrastructure while prioritizing safety, quality, and environmental sustainability.

OUR GOALS

1

Deliver high-quality projects on time and within budget, ensuring client satisfaction.

2

Expand our service offerings to meet the evolving needs of the construction, logistics, and petroleum industries.

3

Foster long-term partnerships with clients, suppliers, and stakeholders based on trust, transparency, and mutual growth.

4

Continuously invest in our workforce, technologies, and processes to achieve operational excellence and innovation.

5

Promote sustainable practices and minimize the environmental impact of our operations.

CONSTRUCTION SERVICES

WECANDOO has a strong track record in the construction industry, offering a wide range of services to meet diverse project requirements. Our team of experienced professionals, including engineers, architects, and skilled technicians, work diligently to deliver projects of the highest quality. We have expertise in various construction disciplines, from building construction and concrete works to electromechanical installations and road construction. Our focus is on delivering projects that are not only aesthetically pleasing but also structurally sound and built to withstand the test of time.

Electromechanical Works

Installation and maintenance of electrical and mechanical systems in buildings and infrastructure projects.

Earthworks

Excavation, grading, and site preparation services for construction projects.

Concrete Works

Formwork, reinforcement, and concrete pouring for structural elements.

Building Construction

Design and construction of residential, commercial, and industrial buildings.

Steel Fabrication

Fabrication and installation of structural steel elements.

Finishing

Interior and exterior finishing works, including painting, tiling, and carpentry.

Water Supply

Design and implementation of water supply systems for residential, commercial, and industrial projects.

Installation Services

Assembly and installation of equipment and systems for various industries.

Wastewater Treatment

Construction and maintenance of wastewater treatment plants.

Road Construction and Maintenance

Design and construction of roads, highways, and infrastructure for transportation.

LOGISTICS SERVICES

We are a provider of logistics solutions in addition to our construction services. With expertise in customs clearance, we ensure efficient import and export processes. Our transportation services cover a wide range of materials and equipment, including heavy and light items and oil and gas products throughout Yemen. WECANDOO's commitment to reliability and safety ensures timely delivery, contributing to the smooth progress of construction projects.

Customs Clearance

Efficient handling of custom clearance procedures to facilitate the import and export of goods.

Forwarding

WECANDO offers a wide range of services, including air and sea cargo handling, customs documentation, transportation solutions, warehousing, and professional packing services.

Transportation

Safe and reliable transportation services for materials, equipment, and oil and gas products across Yemen.

PETROLEUM SERVICES

WECANDOO recognizes the significance of the petroleum industry in Yemen's economy. We provide specialized services tailored to the unique requirements of this sector. Our expertise in petroleum services encompasses transportation, storage, and distribution of oil and gas products. We ensure the safe handling and delivery of these resources, adhering to industry standards and regulations. With our strong network and fleet of vehicles, we facilitate the efficient movement of petroleum products, supporting the growth and development of the energy sector in Yemen.

WAREHOUSING

The company provides its clients with warehouses and storage yards in different areas and for any volume of materials to be stored as it provides all Storehouses with guards and integrated system for the safety and security. If you need to store your goods, we are in a position to provide you storage facilities in our warehouse with 24 hours security guards. Our warehouse is fully insured against all risks.

EQUIPMENT RENTAL

WECANDOO offers equipment rental services.

We provide a wide selection of equipment for various industries and projects, including construction, manufacturing, and logistics. Clients can rent equipment on a short-term or long-term basis, depending on their specific needs. WECANDOO ensures that their rental equipment is well-maintained, reliable, and ready for use. With their commitment to customer satisfaction and efficient logistics, WECANDOO is a trusted provider of equipment rental solutions.

OUT CLIENTS

Our Clients vary in size and purpose, we enjoy a good reputation Whether in the oil and gas field, construction works or housing industry, we are careful to let our clients to be aware that their projects can have the means, methods, equipment and above all, well-motivated work team capable of executing works with top quality performance. The list of our clients includes international and local oil companies.

OUR CUSTOMERS

At WECANDO Co LTD, we are grateful for the opportunity to serve our prospective customers and provide them with competitive pricing on their next inquiry. Since our establishment in 1997, we have received ministerial award no. 168 from the Ministry of Industry and Commerce, which highlights our commitment to excellence.

Our construction department boasts a well-experienced technical team that excels not only as a main contractor but also in the management of Design-Build projects. Whether it's buildings, roads, bridges, or oil field civil construction, we have the expertise and in-house facilities to undertake any traditional or turnkey project using various procurement methods.

Our dedicated team consists of 6 salesmen, 4 project managers, licensed professional engineers, building designers, architectural designers, a general superintendent, project supervisors, office support personnel, and over 100 skilled field tradesmen. We prioritize utilizing the latest technology in our design, estimating/project management, and construction activities. By employing computer software such as AutoCAD, estimating, and accounting, we achieve total project integration and precise control over our projects.

Additionally, we maintain our own fleet of late model equipment and vehicles, supported by on-staff maintenance personnel. Our extensive portfolio showcases our versatility, as we have successfully completed projects across various sectors, including oil and gas, public, and private sectors. A significant part of our work comes from repeat business from satisfied clients.

At WECANDO Co LTD, we believe our success is built on our commitment to understanding and meeting our clients' requirements for safety, workmanship, on-time delivery, and value for money. We are dedicated to fostering strong relationships with our clients, delivering high-quality results, and ensuring their utmost satisfaction.

Experience:

With over 26 years experience in the construction industry and being a national contractor we have worked in every sector of the industry for Public Agencies, Government Departments along with Private Clients.

We pride ourselves on the level and extent of repeat business we acquire from highly satisfied clients.

6

HEALTH, SAFETY & ENVIRONMENT

Our HSE department maintains open communication with our customers and ensures that while complying with standards set out by governing agencies, we also meet the high standards our customers expect.

It is our aim and goal to continue and expand our relationship with our customers and vendors to keep them happy through fast and courteous service, quality products, competitive prices and back-up of the products we delivered.

It is our philosophy that a given word is as good as a contract and the key to success is service to our customers.

Key elements of our HSE Policy:

- Compliance with statutory rules and regulations
- Efficient management systems
- Continuous improvement
- Prevention
- Careful use of resources such as raw materials and energy
- Efficient Operations, production and safe products
- Open and honest dialog with employees, suppliers, customers, service providers, authorities, neighbours, the public, and stockholders.
- Consideration for entire product life cycles

We are also environmentally responsible and we practice it day in and day out. Philosophy based on 3R:
